

## Fila

Fila is a multi-purpose chair suited for hotel, convention, banquet and event seating. It is ideal for setting up large numbers of seats and quickly sorting them away after events.

### Seat Colour Options

and more

Unique to Fila are its Ready-Link legs which make their ganging a simple and swift process.

## Customize

Unique to Fila are its ready-link legs which makes connecting the chair a simple and swift process. You can stack up to 10 Fila chairs high with stability. Once stacked, a trolley can be fitted to lift and transport stacked chairs away for storage.

Armrest

Mechanism

Base

### Main Shell

Injection moulded shell in white or charcoal (100% recyclable).

### Optional Seat Shell

Injection-molded polypropylene in choice of 5 standard colours (100% recyclable).

### Optional Upholstery

Upholstered over polyurethane cut foam (recyclable into carpet padding, wadding etc).

### 'Ready Link' Leg Base
