

CORPORATE PROFILE

About Us

Humble beginnings

Antarc has been in existence since 1992 with the aim of developing and bringing products that help you design your dream workspaces and interiors.

Delivering Satisfaction

At Antarc, we believe that clients deserve the most professional expertise based on facts to make decisions that will satisfy them for a longtime.

We assist our clients in selecting furniture, floor & wall solutions tailored to their purpose of use, functionality, trends, taste, and budget. And this sets us apart from other providers in East Africa.

Our Purpose

To provide our clients with flexible workspaces and floor & wall solutions.

Our Values

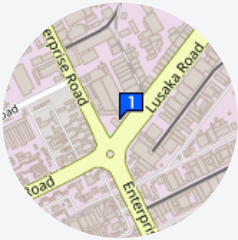

Quality
Trust
Innovation

Our Vision

To be East Africa's leading provider of workspaces and floor & wall solutions through fantastic customer service.

Our Journey

Antarc is a well-established & leading brand for furniture and interior solutions.

Starting our operations in a warehouse in Lusaka Road.

2006

Introducing American brand La-Z-Boy to the Kenyan market.

2008

Opening the first Showroom on Mombasa Road, Nairobi.

2009

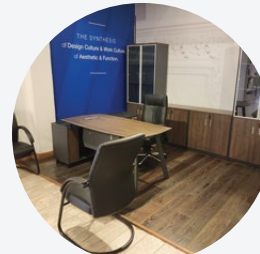

Opening our second Showroom on Muthithi Road, Westlands.

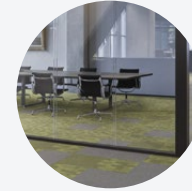

Expanding our range with flooring solutions(engineered wood, vinyl and laminate).

2013

Introducing high quality office concepts to Kenyan clients by bringing in Frezza, Haworth.

2017

Extending our flooring selection with Tarkett - the leading provider of flooring for education, healthcare and commercial sectors.

2019

Developing Revival Center to support local communities and sustainability.

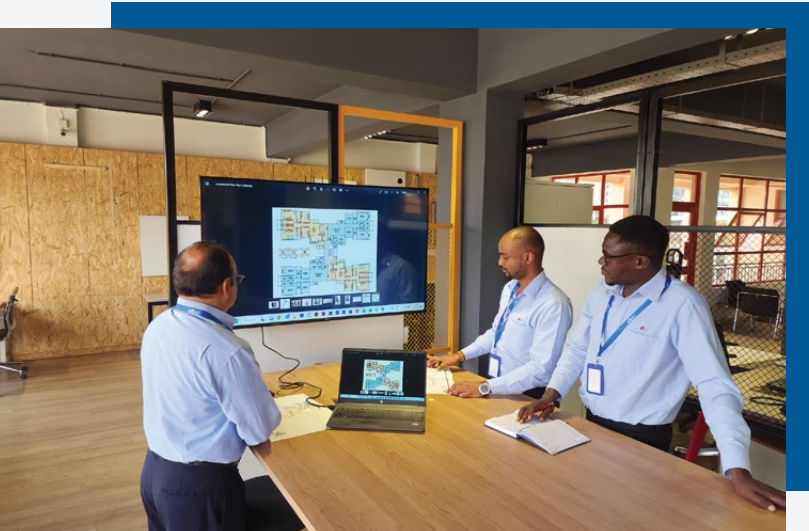

2021

30
Years

of excellence

30 years of delivering excellence to our customers

2022

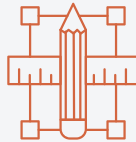

We have you in mind

We offer solutions customized to suit you

At Antarc, we believe that clients deserve the most professional expertise based on facts to make decisions that will satisfy them for a long time.

CONCEPT

CUSTOMIZE

DESIGN

BUILD

WORKING TOGETHER

Creating possibilities

We listen to you actively. We understand your vision. We co-create the concept & guide you through the whole process.

GETTING IT RIGHT

Everything is achievable

Our priority is to fully understand your ideas and needs in order to personalize the concept.

MIND TO PAPER

Creating together

We create the concept, we make the layout decisions & we come up with the final project. We lead you through our proposals & create operative workspace designs.

CONCEPT INTO REALITY

The dream workspace

We handle the details for you. We put together a comfortable workspace of your dreams that induces new energy into the working world.

Thank You!

Over 10,000 companies trusted us to deliver quality & excellence

Our success story is strongly rooted in our values. As a family-run business, we believe that strong relations with our clients are the pillars of mutual trust and the key to a successful partnership.

We are proud of over 10,000 partnerships, 12,000 projects that we carried out through shared respect and undisputed quality, that last till today.

Some of the customers we have diligently served

L'ORÉAL

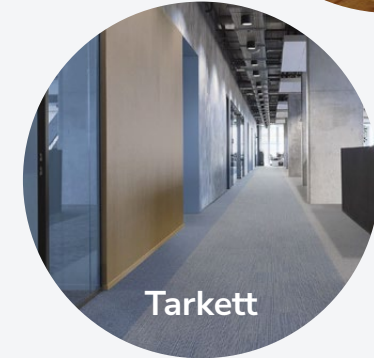

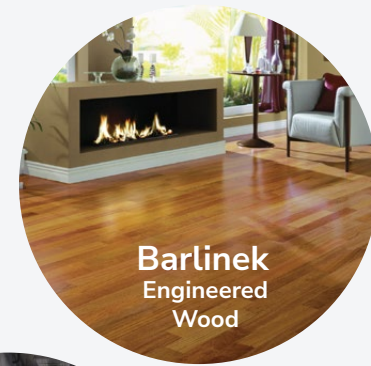

Sustainability

Environmental concern & a pro-ecology attitude are paramount values of Antarc

As the leaders in the Kenyan market, we feel the responsibility to drive positive changes and inspire others to follow the same path. Antarc shifts into offering planet-friendly, sustainable interior solutions such as engineered wood & vinyl flooring as well as cork & green walls.

Barlinek - our main engineered wood flooring supplier follows the 1 For 1 Principle. For each box of flooring sold, the company co-finances the planting of one tree.

Tarkett is Cradle 2 Cradle certified (products with a positive impact on people and the planet). Amorim who supplies us with cork offers a fully renewable wall solution as cork trees are not cut down while harvesting.

Our products are Green Guard Certified

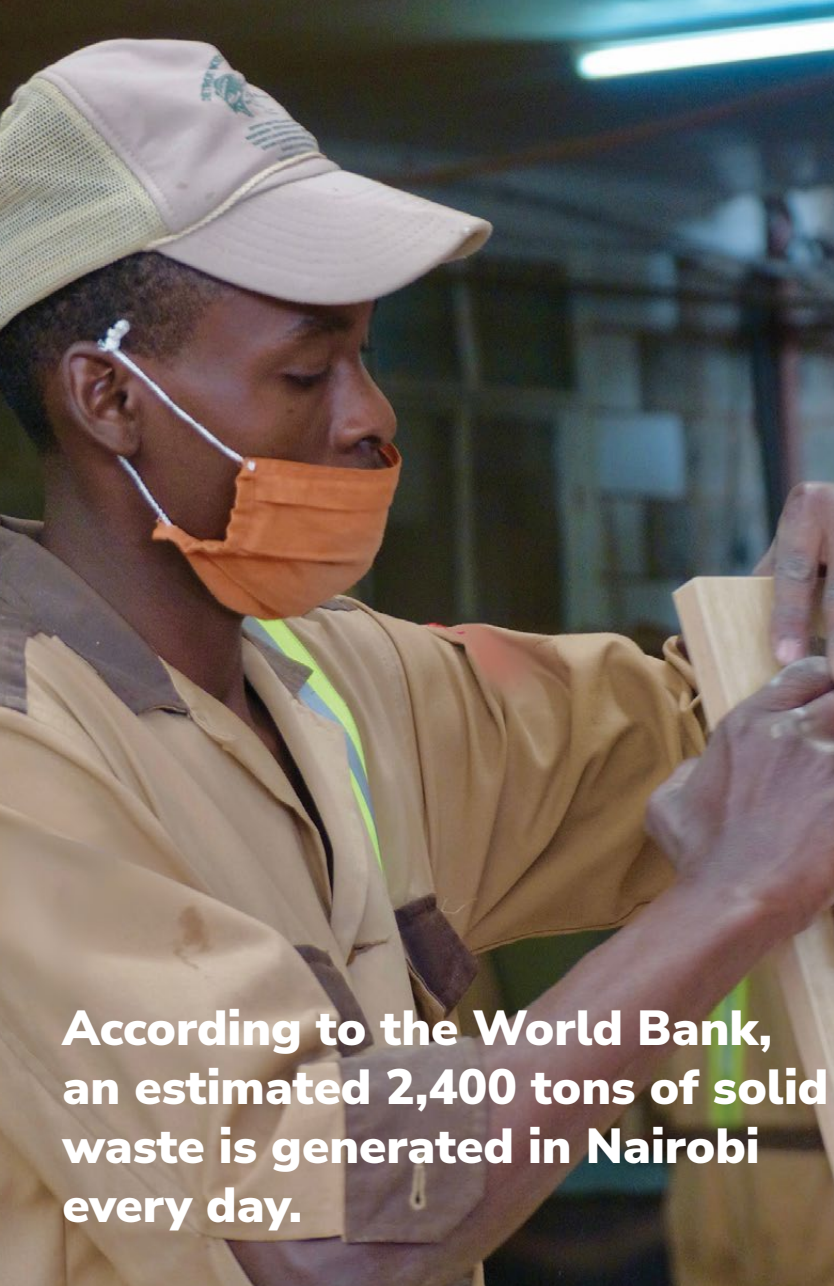

A man in a tan uniform and blue face mask is working with wood in a workshop. He is leaning over a workbench, and there are various wooden planks and tools around him. In the background, another person wearing a green headscarf is visible. The scene is set in a workshop with blue corrugated metal walls.

ANTARC REVIVAL CENTER

We reduce wastage

Buy Kenya, Build Kenya

**According to the World Bank,
an estimated 2,400 tons of solid
waste is generated in Nairobi
every day.**

Supporting local communities

Sustainability Champions

Our sustainability concept for your old furniture

Revive

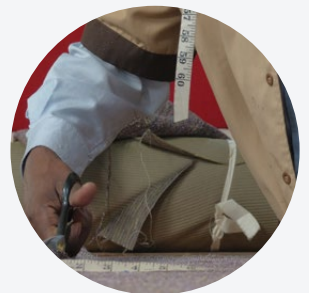

Refresh

Remake

is at the core of our Revival center. The program is focused on saving the surrounding environment and actively supporting local communities. Antarc empowers locals through indirect employment, to be able to generate income to sustain their families and improve their lives.

Our CEO's dream to support these local communities comes from a strong emotional bond from the childhood he spent in Nairobi suburbs.

Giving to a cause

Donating to charity

**“We make a living by what we get.
We make a life by what we give.”**

– Winston Churchill

In collaboration with the Jain Social Group of Kenya, Antarc provided furniture to 16 various homes in Kenya, including the Fountain of Life Deliverance, Little Sister of the Poor, and Imani Children's Homes. The donations included study/dining/bed tables, chairs, beds, mattresses, etc.

At Antarc we strongly believe we have a responsibility to try to leave the planet a better place. If we can help make childhood a better experience for children, that's important

Awards & Media Honors

Due to our years of dedication, passion, and hard work, we have won numerous contests, competitions, and expos.

We take special pride in being acknowledged for our quality and creativity.

We have been cited in numerous newspaper articles on various media channels.

We have been able to and still continue to educate readers about office furniture, floor and wall solutions, using these channels.

“The reward for work well done is the opportunity to do more.”

– Jonas Salk
