THE FEATURES & THE BENEFITS of our product

KNEE TILT	A knee tilt mechanism allows the user's feet to remain flat on the ground while the back of the chair is in recline. To achieve this action, the pivot point for a knee tilt mechanism is at the front of the chair rather than in the middle of the seat like most office chairs.	
SPRING HEAD	Basic Swivel-tilt chair with a Spring-Head mechanism with 2-position Tilt Lock and pneumatic seat height control.	
DONATI	Auto weight adjustment mechanism which has all features for weight adjustment, tilt lock, back and seat height controls	

LOOP ARMS	These are fixed arms with no adjustment features it is a basic plastic arm	
ADJUSTABLE ARMS	3-way armrest adjusts for 10cm in height, 6cm in depth can swivel into 3 angular positions and 5cm in width.	
ADJUSTABLE PADDED WITH PU	3-way armrest adjusts for 10cm in height, 6cm in depth can swivel into 3 angular positions and 5cm in width. Additional PU covering for a soft landing.	

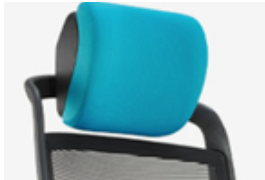

MESH	A breathable polyester mesh suspension allows improved ventilation, to provide exceptional thermal comfort.	
-------------	---	---

FIXED	Stretchable lumbar support can be freely fit to your spinal curve.	
SUPPORT PAD	Supportive lumbar pad can be easily retrofitted as optional without using common tools. Adjustable for 80mm height range. Polypropylene material (100% recyclable) in charcoal colour.	
SUPPORT PAD ADJUSTABLE	Lumbar support can be conveniently adjusted by side knobs, without getting up from chair, to customize the exact support for various spinal shapes. Moveable range: 20mm.	

CONTOUR - WATERFALL	The 3-D contour of the seat cushion provide a comfort seat during working.(Has a curved shape for better comfort)	
BASIC	Standard seat and high density foam cushion.	
ADJUSTABLE DEPTH SEAT	Adjust the depth of the seat to suit your body frame and comfort (allows back and forward movement of the seat for better posture)	

CHAIRS

headrest

CUSHION	Cushion Headrest, adjustable for 5cm in height. Headrest shells in black polypropylene (100% recyclable).	
MESH	Mesh Headrest, adjustable for 5cm in height. Headrest shells in black polypropylene (100% recyclable).	
HAMMOCK	Hammock Headrest, 2 way adjustable for 5cm in height. Headrest shells in black polypropylene (100% recyclable).	

CHAIRS

backrest

ADJUSTABLE	A breathable polyester mesh suspension allows improved ventilation, to provide exceptional thermal comfort. The height of the backframe can be easily adjusted by just lift the frame to the desired position. Adjustable range: 105mm	
-------------------	--	---

CHAIRS

base

NYLON	Standard base is moulded of polypropylene in black color. Optional base of die-cast aluminium silver epoxy powder coating or in a luxurious polished finished.	
ALUMINIUM	Standard Studio Base of moulded black polypropylene (100% recycable). Optional Five-star Stiletto base of diecast aluminium alloy (100% recyclable) in epoxy powder coating or polished finish.	

CHAIRS

castors

TWIN	The twin castors are soft wheels for the chairs which assist in better weight management and balance. They are more steady and recommended for a heavy weight user.	
STANDARD	Standard Castors have one wheel and a common for task chairs with a basic function.	

GLIDERS

Gliders are a replacement to the castors and they keep the chair in a steady position without any movement, this is very common in boardrooms and training areas

SIT/STAND TABLES

motor

STANDARD UP AND DOWN	Up and down Switch with adjustable heights	
MEMORY FUNCTION & ANTI COLLISION	3/4 height memory function, built in alarm to prompt one to change the position to sit or stand for better ergonomic functionality. Anti collision - an obstruction in motion shall automatically stop the adjustment of the table to secure you.	

TABLE TOPS

thickness

THICKNESS	All our table tops come in a 25mm thickness - This brings in more steadiness and keeps a firm position with longer durability	
------------------	---	--

SUSTAINABILITY

tables & chairs

TABLES - SUSTAINABLE FORESTS	All our table tops are eco friendly from sustainable forests and recyclable.	
CHAIRS - GREEN GUARD	3/4 height memory func100% recyclable parts.	

METAL FURNITURE / ACCESSORIES

durability

POWDER COATED	All our frames and metal furniture is powder coated giving it a longer life due to the two way process - painted and baked.	
--------------------------	---	--
