

Ultrabond Super Grip

**Instant Hold
Powerful Bond**

Ultrabond Super Grip is the high-tack acrylic adhesive built for fast, secure installation across the job site

What it bonds

PVC • Rubber • Wood • Gypsum • Polystyrene • Metal
(Baseboards, trims, panels, cable trunking & more)

Why Pros Choose It

Ultra high tack for instant vertical hold — no support needed, no mess, no cleanup, no holding time.

Perfect for flooring accessories, joinery, door frames, cabinetry — even permanent flooring installs.

1 Tube (310 ml cartridge) can install up to 15 LM

Use It For

Skirting boards • Beading • Decorative panels • Insulation
• Soundproofing • Repairs • Door & window trims • cornice
